

JohnDow **Caddy** *for a* **Cause**

JohnDow Industries is conducting an aggressive fundraising campaign for BREAST CANCER RESEARCH – **Caddy for a Cause.**

From August 1st through the end of 2011, JDI will contribute \$10 to Breast Cancer Research for every **Fuel Chief Pro-25 – 25 Gallon Steel Gas Caddy (FC-25GC)** sold during that period.

According to the American Cancer Society, every 23 seconds, someone in the world is diagnosed with breast cancer and every 69 seconds, someone dies from this horrific disease. JDI wants to give back to this very worthy cause that has nearly become an epidemic.

JDI's recently introduced FC-25GC Gas Caddy has achieved UL Listing status while also complying with OSHA guidelines. JDI becomes the only manufacturer in the U.S. with these safety credentials. The FC-25GC is also equipped with a heavy duty, UL Listed two-way cast iron pump.

JohnDow Industries is a manufacturer of automotive shop equipment and supplies. Brands include Fuel Chief, Crew Chief, EuroVent, JohnDow Automotive Service Equipment, and Dynamic.

For more information on JDI's five brands, and **Caddy for a Cause** promotion, visit www.johndow.com.
